Christopher Kendris Ph.D., Theodore N. Kendris Ph.D. : 501 French Verbs: with CD-ROM and MP3 CD (501 Verb Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised 501 French Verbs: with CD-ROM and MP3 CD (501 Verb Series):

20 of 20 people found the following review helpful. and this is the BEST verb book availableBy LeslieI am a French teacher, and this is the BEST verb book available. Includes excellent exercises that reinforce the information provided. A MUST for any French student!0 of 0 people found the following review helpful. Excellent book for reference and

studyBy PattoThis reference book is well thought out and easy to navigate.I especially like the list of 55 essential verbs. These verbs are clearly flagged as they appear in the overall alphabetical verb listing. Each verb comes with sample sentences and idiomatic expressions built with the verb, even proverbs using the verb. You can learn a lot just by concentrating on these pages.I find it easier to study verb conjugations in this book than on an online dictionary. There's no interference from pop-up ads.And yet I do need the online dictionary, too. 501 verbs are only the basics. French is full of colorful expressive verbs that keep showing up in the books I try to read. And they're not all in this book.I can't comment on the CD-ROM, because I'll probably never use it. It's the book that attracted me. I consult it every time I find myself devoting an hour or so to studying French. There's also a lot of helpful grammar relating to verbs.1 of 1 people found the following review helpful. Highly recommended!!By Blue in WashingtonThis is turning out to be EXTREMELY useful for me as a reference for the correspondence that I have with French friends. Besides the essential verbs included--and they really exceed the 501 mentioned in the title--almost every individual verb section is crammed with idioms using that particular verb. There are hundreds of them and certainly make informal correspondence much more personal and modern.This is a great tool!

The bestselling 501 Verbs Series is the #1 reference source for verb usage in virtually every major language. Its printed in two colors, features tinted page edges for ease of reference, and comes with extra help for students in the form of a CD-ROM.This edition presents the most important and most commonly used French verbs arranged alphabetically with English translations in chart form, one verb per page, and conjugated in all persons and tenses, both active and passive. The accompanying CD-ROM gives students crossword puzzles and games, while the M3 CD includes extra practice conjugating French regular and irregular verbs. This combined book and software package is a comprehensive guide to verb usage with a wealth of reference material and language tips, including a bilingual list of more than 1,250 additional French verbs, helpful expressions and idioms for travelers, and verb drills and short tests with all questions answered and explained.Learning French is easy with help from 501 French Verbs!
