P. H. Reaney, R. M. Wilson : A Dictionary of English Surnames before purchasing it in order to gage whether or not it would be worth my time, and all praised A Dictionary of English Surnames:

7 of 8 people found the following review helpful. The standard work on the subject By Mark Howells The introduction alone is worth the price of the book through its clear explanations of the four main groups of surnames: local surnames; surnames of relationships; occupational surnames; and nicknames. Brief pages about regional surname patterns are also enlightening. The meat of the book is the alphabetical listing of some 16,000 English surnames, their variations, probable origins, and notes on early occurrences in the written records. The cross-referencing between variant spellings is excellent and makes for easy navigation between variants. A first rate resource for English genealogy and local history. 0 of 0 people found the following review helpful. ... appreciate the ability to obtain this book in a good used condition at a reasonable price By kerry hindall I can really appreciate the ability to obtain this book in a good used condition at a reasonable price. The Late Mr. Reaney remains a foremost authority in the origin of

English surnames 21 of 23 people found the following review helpful. The standard work on the subject By Mark Howells The introduction alone outstanding through its clear explanations of the four main groups of surnames: local surnames; surnames of relationships; occupational surnames; and nicknames. Brief pages about regional surname patterns are also enlightening. The meat of the book is the alphabetical listing of some 16,000 English surnames, their variations, probable origins, and notes on early occurrences in the written records. The cross-referencing between variant spellings is excellent and makes for easy navigation between variants. A first rate resource for English genealogy and local history.

This classic dictionary answers questions such as these and explains the origins of over 16,000 names in current English use. It will be a source of fascination to everyone with an interest in names and their history.

About the Author P. H. Reaney is the author of *The Origin of English Surnames* (RKP, 1980). R. M. Wilson is Professor Emeritus of English Language at Sheffield University.
