George Pratt : A Grammar and Dictionary of the Samoan Language: With English and Samoan Vocabulary
before purchasing it in order to gage whether or not it would be worth my time, and all praised A Grammar and
Dictionary of the Samoan Language: With English and Samoan Vocabulary:

3 of 3 people found the following review helpful. Review of A Grammar and Dictionary of the Samoan LanguageBy
TE AROHA REIHANA RUKAI purchased this book on behalf of someone else simply whilst surfing the website this
item had 5 stars and a review comment ie "Now I can understand what my Grandmother is saying."The user has
commented that it is ancient Samoan and he loves it.This resource I would recommend to anyone studying ancient
Samoan cultures.Delivery was excellent but the print was disappointing once again, lots of blurring of letters

(indecipherable). It still deserves 5 stars for being such a great resource. 2 of 2 people found the following review helpful. **QUALITY** By John J Devereux Various letters throughout the book appear as symbols, apparently a result of digitation. The books on this order were intended for research and now are reduced to curiosities. If this problem can be corrected I would buy them again. 1 of 1 people found the following review helpful. **Print Problem** By Abiel M. The cover looks amazing and very professional, but the printing is horrible. It does the job, but I wished the printing was better quality.

This is a reproduction of a book published before 1923. This book may have occasional imperfections such as missing or blurred pages, poor pictures, errant marks, etc. that were either part of the original artifact, or were introduced by the scanning process. We believe this work is culturally important, and despite the imperfections, have elected to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide. We appreciate your understanding of the imperfections in the preservation process, and hope you enjoy this valuable book.

About the Author George Pratt, Ph.D., and Peter Lambrou, Ph.D., are licensed clinical psychologists in practice at Scripps Memorial Hospital in La Jolla, California. Both have served as chairman of psychology and are on staff at Scripps. They maintain private practices in La Jolla. John David Mann is an award-winning author whose titles include the New York Times bestseller *Flash Foresight*, *The Go-Giver*, *It's Not About You*, and *Take the Lead*.
