R.S. Yeoman : A Guide Book of United States Coins, 34th Edition before purchasing it in order to gage whether or not it would be worth my time, and all praised A Guide Book of United States Coins, 34th Edition:

0 of 0 people found the following review helpful. Beyond question the absolute best guide to pricing and grading for serious coin collectors. Highly Recommended.By Michael R.This is the 3rd edition of this greatly expanded version of the long-time favorite of coin collectors by Yeoman. It has very good illustrations and even more supporting content than the past two editions, if that's possible. If you are a serious collector, this is the reference book you need as your guide to pricing for retail sales. The companion "Blue Book" guide is also the #1 guide for dealer prices.Highly Recommended!46 of 46 people found the following review helpful. STARTERS GET THISBy SolarRaistlinZThis is what you want in a collector's guide. It's got the years and types and prices for each coin going back to the early 1700s. The spiral binding is especially usefull for table top use when looking through a pile of coins. Color pics and the description and detail is amazing. It even gives a description for the grade of individual coin styles!!!! what should a BU washington quarter look like vs a morgan dollar - its all here. If you are starting out, you'll want this one first. Blue is for pros and those who are getting more into the investment side. The red book gives just enough info to get you started and excited and feel a heck of a lot more knowledgeable with background and history, reference and premo statistics.0 of 0 people found the following review helpful. A Guide Book of United States Coins 2015, The Official Spiral Red BookBy TELL IT LIKE IT IS !This is one of the more Accurate Coin Collection Books of Retail Prices for all U.S. Coins.It covers every U.S. coinage ever made including Gold Coin's, Commemorative's, Token's,Bullion

Coins, Proof and Mint Set's. This is one of the better book's you'll need to put a Retail Value to your Collection. I have collected these Book's for year's they seem to get better every year.

The third Deluxe Edition MEGA RED is the latest expanded version of the hobby's best-selling "Red Book." With pages 30% larger than the regular edition's and weighing in at 1500+ pages the new Deluxe Edition MEGA RED includes more historical information, extensive grading instructions with enlarged illustrations, and valuable essays on collection and investing in rare coins. MEGA RED has certified population data, more die varieties, more auction records, and more pricing in more grades than the regular-edition Red Book. It covers American coinage from colonial times to the modern day half cents through \$20 gold double eagles, plus bullion, commemoratives, Proof and Mint sets, significant tokens, errors, and other collectibles. MEGA RED prices more than 8,200 items in up to 13 grades each, with 47,000 individual values, 15,800 auction records, and 6,000 images.

The new, six-pound edition of A Guide Book of United States Coins, Deluxe Edition is clearly much more than a simple numismatic guidebook. --Coinage Yearbook, Winter 2016, by Mike Thorne
