Francis Henry Stratmann : A Middle-English Dictionary: Containing Words used by English Writers from the Twelfth to the Fifteenth Century (Oxford Reprints) before purchasing it in order to gage whether or not it would be worth my time, and all praised A Middle-English Dictionary: Containing Words used by English Writers from the Twelfth to the Fifteenth Century (Oxford Reprints):

0 of 0 people found the following review helpful. Five StarsBy Becky Sayera gift and was greatly loved

A new edition, rearranged, revised and enlarged by Henry Bradley.

"An indispensable tool, not only for the serious scholar, but also for those students encountering Middle English forms and their meanings for the first time. Its handy size makes it useful for both desk and classroom. I will definitely recommend it to my Chaucer students, require it of my Middle English survey students, and require it of special topics and history of the language students."--Loren C. Gruber, Northwest Missouri State University
"A timely compendium of the century's lexical innovations."--The Boston Globe
