Mary C. English, Georgia L. Irby : A New Latin Primer before purchasing it in order to gage whether or not it would be worth my time, and all praised A New Latin Primer:

2 of 2 people found the following review helpful. Comprehensive.By CustomerI used this textbook for my university 101 and 102 Latin courses. Having recently finished the 102 course, I can confidently read Ovid, Bede, Livy, and even Thomas More's Utopia with a dictionary, time, and a lot of patience. English and Irby do an exceptional job at explaining Latin grammar, they are considerate of those with little to no experience with highly inflected languages (like myself before the courses), each lesson has several pages of selections from authentic texts with a general theme or author, and there are extensive tables at the end of the book for declensions, verb conjugations, and even a section explaining poetic metre. I cannot imagine a better Latin textbook.2 of 2 people found the following review helpful. Great book but...By Kevin B. ReynoldsTop quality bood with 2 exceptions:1. There is no companion website. The website is for the workbook, not this book.2. There is no answer key for the tests at the end of each chapter. This is the worst. I cannot prove I understand correctly. Even using online translators, the answers make no sense. This almost ruins the whole book. Very frustrating.1 of 11 people found the following review helpful. Five StarsBy Robert

MasonHic habitat Minotaurus.

Featuring a traditional, grammar-based approach, *A New Latin Primer* offers beginning students a solid overview of Latin grammar, syntax, and vocabulary. It provides concise, straightforward grammatical explanations and illustrates them with unadapted Latin examples so that students can learn from Roman authors how to employ the syntax under discussion. Each of the thirty-six lessons contains twelve short practice sentences along with fifteen passages of unadapted Latin from a wide variety of important classical and medieval authors: Catullus, Vergil, Horace, Ovid, Martial, Caesar, Cicero, Livy, Sallust, Tacitus, Augustus, Seneca, Pliny the Younger, Pliny the Elder, Augustine, Bede, inter alios. Explanatory notes and definitions of unfamiliar vocabulary appear immediately below the passages. All of the passages in a single lesson are tailored to one or two aspects of Roman culture or history, demonstrating how the study of Latin provides first-hand access to the texts that shape our understanding of the Roman world. Ideal for use in introductory courses, as a self-study volume, or as an intensive review, *A New Latin Primer* is accompanied by a *Student Workbook* and a *Companion Website* that contain a variety of drills, additional practice sentences, translation practice, and word games. An *Instructor's Resource Manual* is also available to adopters.

"*A New Latin Primer* teaches Latin language in the context of Roman society as a whole, locating the grammatical and syntactical components of its instructional mandate in a fuller picture of Roman cultural readings. It thereby manages to do what other grammars often do not: it begins from the key instructional principle that the language of a given culture is made most accessible and interesting to students when it is taught within its cultural context, not apart from it."--Gareth Williams, Columbia University
"This is a wonderful grammar-based approach to teaching Latin using unadapted, authentic texts from a wide range of genres, registers, and historical periods."--Madeline M. Henry, Purdue University
"What is special about *A New Latin Primer* is the way that it couples, in each chapter, an introduction to an important facet of Roman civilization with authentic Latin texts that illuminate that facet from a variety of angles. This unique achievement is made all the more valuable by the fact that it is integrated with a bracingly direct, no-nonsense introduction to the essentials of Latin grammar and syntax."--John Carlevale, Berea College
About the Author
Mary C. English is Associate Professor of Classics and General Humanities at Montclair State University. Georgia L. Irby is Associate Professor of Classical Studies and Fellow of the College of the Liberal Arts at the College of William and Mary. Dr. English and Dr. Irby are the coauthors of *A Little Latin Reader* (OUP, 2011).
