**Ceri Clark : A Simpler Guide to Gmail: Getting the most out of Googles free email** before purchasing it in order to gage whether or not it would be worth my time, and all praised A Simpler Guide to Gmail: Getting the most out of Googles free email:

4 of 4 people found the following review helpful. Book angered meBy FlowerFirst of all the index was terrible. Like - just a simple example - there is no entry for "address book." It was unclear, unhelpful and I really wanted to send it

back but it would have cost me more than just tossing the thing in the garbage. I kept it to see if I learn things from other sources, perhaps i can go back to it, but again, what sophisticated techy would ever buy this book? None. So it is obviously for novices. So if I have to learn from other sources to understand this book, the author did not do her research. She couldnt have tested the book using total novices.0 of 0 people found the following review helpful. Four StarsBy mdondoreLooks good I haven't read the whole thing yet3 of 3 people found the following review helpful. Too Complicated for my useBy Phil HavenerI am looking for a guide that starts at the begining and with the assumption of no knowledge. This assumes a good working knowledge of the program and provides tips on advanced uses. It appeared too me that the author was "showing off."Phil Havener (a 73 year old beginner}

Looking for a simpler guide to Gmail? This book covers the basics of Gmail for the uninitiated as well as some advanced tips for the more experienced. This second edition of A Simpler Guide to Gmail is a fully revised, illustrated, straightforward and no-nonsense approach to a how-to guide for setting up your Gmail account. With twice the information of the first edition there are step-by-step guides to opening the account and sending email, to the more advanced features including Chat and Labs. Also now includes an introduction to Google+!
