Bryce Inman, Chuck Sinclair : A Solo a Sunday - Volume 2: Piano Solo (Book) before purchasing it in order to gage whether or not it would be worth my time, and all praised A Solo a Sunday - Volume 2: Piano Solo (Book):

Did not notice the "Intermediate" label - was looking for a little moreBy M ScottsdaleI've been playing for 24+ years, so I was looking for something that sounded a little more full. That does not necessarily mean that the piece must be difficult - only that the arranger can put together a nice piece that sounds more difficult than it is. These pieces are very simple, and would work great as a performance piece for an early to mid intermediate player. For an adult performance, I feel they lack some maturity and sparkle in the sound. On a good note: I like that the chords are included, so these pieces could easily be adapted to a full band performance. :)0 of 0 people found the following review helpful. Solos for PianoBy SuZEEGood music. My only regret is that it's not a spiral bound book. Otherwise, a good choice.0 of 0 people found the following review helpful. EnjoymentBy
