Naomi ReNa Vernon : A Teen's Guide to Finding a Job before purchasing it in order to gage whether or not it would be worth my time, and all praised A Teen's Guide to Finding a Job:

0 of 0 people found the following review helpful. Job-Hunting skillsBy Guinette MarshallI like it because teens as well as adults can use the book too. I wished I had it during my Sr. year in High School.0 of 0 people found the following review helpful. Solid Advice for Young Job Seekers--Lots of ExamplesBy Nikk RobinsonA Teens Guide to Finding a Job doesnt encourage teenagers to settle for just any job. The author shows young job seekershow to find

jobs that they can be passionate about. The sample resumes, cover letters, and other examples drive home the many techniques that teens can use to market themselves to employers. The author conducted a survey of employers to find out their pet peeves related to teen job applicants. The Dos and Dons list has insight for any young job seeker, and perhaps even a few seasoned professionals. I would have liked to see the book follow one teen through the entire employment process rather than a rotation of teen job seekers. However, overall *A Teens Guide to Finding a Job* is easy to follow, offers practical advice, and is sure to help young people find meaningful work. 0 of 0 people found the following review helpful. You Don't Want to Miss This Book if You Are A Teen Looking for a Job or a Parent Helping Your Son or Daughter Find a Job By J. Heiny Vernon specifically introduces teens to the job-search process, so they can build confidence while learning the skills needed to secure employment. She helps increase their awareness of the working world and inspires them to go after their dreams. Her book teaches teens to: * Discover where the jobs are. * Fill out an employment application that will get attention. * Overcome the fear of talking to hiring officials. This is a must have book for educators, parents and teens alike -- anyone who wants to help teenagers be successful in life.

A Teen's Guide to Finding a Job is a resource to empower teens to make independent and knowledgeable career decisions. This guide teaches teens to: Discover where the jobs are. Fill out an employment application that will get attention. Overcome the fear of talking to hiring officials. Seal the deal, and much more! This book is easy to read and thought provoking. It reveals some common practices and impractical result-oriented tactics. Many book reviewers stated anyone of any age interested in conducting a successful job search would benefit by reading this book. (Careers/Jobs)

About the Author Naomi Vernon was a teen mom who has beat all odds. While working full-time and balancing the demands of a young family, she earned a bachelors degree and went on to achieve a masters degree from Webster University. She has volunteered countless hours helping struggling youth navigate the challenges she learned to overcome. Vernon specifically introduces teens to the job-search process, so they can build confidence while learning the skills needed to secure employment. She helps increase their awareness of the working world and inspires them to go after their dreams. Vernons three adult children now successful professionals in the criminal justice field are living proof of her guidance and influence.
