**George Macleod MRCVS DVSM Vet FF Hom : A Veterinary Materia Medica and Clinical Repertory: With Materia Medica of the Nosodes** before purchasing it in order to gage whether or not it would be worth my time, and all praised A Veterinary Materia Medica and Clinical Repertory: With Materia Medica of the Nosodes:

0 of 0 people found the following review helpful. **A VETERINARY MATERIA MEDICA AND CLINICAL REPERTORY: WITH MATERIA MEDICA OF....**By Nancy Morse This is a very fine book for anyone who has already a background in the philosophy of Homoeopathic Medicine. You will need to understand strengths and the basic knowledge of homoeopathy before consulting this book. Unless you plan to stock up on a lot of stuff, this book will more likely provide general knowledge about the various products. He also lists addresses nosodes. Fine book. There has been an updating from other sources, I understand, but this man, Dr. Macleod is so highly regarded that I am delighted to have been able to obtain a copy of this book. nancy morse 0 of 0 people found the following review helpful. **Five Stars**By nelsonanp This is a great resource to have. 0 of 0 people found the following review helpful. **Veterinary MMB**By Marianne The reprint was date 1997 and has the older cover, not the one pictured on . Also, there is no index in the back nor reference list for organizations. There are very brief and incomplete descriptions of the remedies; however, some value to the book as it has some little known remedies that warrant further research.

This materia medica catalogues some 280 remedies, each described with a brief reference to origins, major actions upon the body systems, and some useful suggested applications.

**About the Author**The late George Macleod MRCVS, DVSM, Vet FF Hom was one of the world's foremost authorities on the homoeopathic treatment of animals. He was one of the few veterinary surgeons to use homoeopathic medicines wholly and exclusively. He practised veterinary homoeopathy for nearly fifty years, with practices in the Scottish Highlands, West Midlands and Sussex, and was the President of the British Association of Homoeopathic Veterinary Surgeons and Veterinary Consultant to the Homoeopathic Development Foundation. His other books include *Dogs: Homoeopathic Remedies*.
