**From Brand: BookSurge Publishing : A Winning Resume: 7 Seconds to Success!** before purchasing it in order to gage whether or not it would be worth my time, and all praised A Winning Resume: 7 Seconds to Success!:

0 of 0 people found the following review helpful. Quick and UsefulBy D. ReevesGreat tool to have when putting together a resume! I liked that the formats were broken down with bullet points which made it easy to read and refer back to. The examples were extremely helpful as well as having the list of common action verbs in the back - sometimes coming up with the right words is the hardest part. Most resume books you can buy in the store are 3-4 times bigger and it's often overwhelming to know where to start with them. This book, however, is a nice quick reference guide with as much great information and at a reasonable price!0 of 0 people found the following review helpful. Painless read, Powerful results!By Dave G.I definitely recommend this book! It saved me time and frustration as it's really to the point and didn't overwhelm me with verbose information I didn't need. (Which creates a great price break in shipping!) I was driven to this book with the knowledge that its earlier editions had created great success in landing interviews for people I know. This new version helped me to learn how to best navigate search engines to get

my resume out - and even how to proceed with prospective employers once I do! 0 of 0 people found the following review helpful. Informative, easy to follow guide By Customer This book is great! It has a lot of information, everything necessary for creating a professional resume. The book is also very easy to follow, which I especially like. Anyone could create a resume using it. It tells you the information to use to get employers to look at your resume (and what to leave out).

The average attention paid a resume is only 7 seconds. Make your 7 seconds count! Recognized as experts by Forbes, Wall Street Journal, CNN and Fortune-rated employers of choice worldwide, the authors of this rare guide offer extensive experience screening hundreds of thousands of candidates nationwide and in more than 100 countries. This special bonus edition also contains The Cover Letter: STILL the Best Kept Secret! With employer and employee resources #1 rated by Google, Yahoo and leading search engines for more than 10 years and top rated in print copy for more than 25 years, these authors know what employers are looking for. This guide contains answers to the most frequently asked questions and the most common mistakes. Learn to navigate search engines and how hiring authorities think. Learn when, how and when not to follow up for your best advantage. Learn when and how to use personal contacts. Find the format that suits you best!
