Stewart James : Abbott's Encyclopedia of Rope Tricks for Magicians before purchasing it in order to gauge whether or not it would be worth my time, and all praised Abbott's Encyclopedia of Rope Tricks for Magicians:

1 of 1 people found the following review helpful. good book on rope magic By Kenneth K. Raymond Abbott's Encyclopedia of Rope Tricks for Magicians is a good book serving a reference purpose. Its aspect and manner of coverage will not excite and inspire but there is a lot of useful material in the book. My feeling was the book could

have been written more attractively and more efficiently from the viewpoint of the learner. However, a serious student of rope magic needs little more in a limited portion of rope magic. There does not seem to be clear coverage of modern knowhow that goes behind such contemporary routines as by Sands, Daryl, Sanders and Tabary. But this is perhaps for the obvious reason that the book was written long long ago. On the other hand there is much about knots, cut and restored techniques and body penetration.0 of 0 people found the following review helpful. Must haveBy Kindle CustomerIf you do rope magic this is a must have book and the price I got it at was a real bargain.0 of 1 people found the following review helpful. Bad sale!By Salvatore MarinoThe book content is old and dated. My real displeasure is The condition of the book. Its binding is completeley separated. So simply opening the pages will cause them to fall out

Legendary encyclopedia for magicians contains over 150 tricks: Loop the Loop, Jamison's Severed Rope, The Tarbell Rope Mystery, The Encore Rope Trick, Eddie Clevers Triple Cut Routine, Bachelor's Needle, and many more. Step-by-step instructions and over 500 illustrations show you how to master these dazzling feats.
