I took my time looking through many books because I wanted to get the best book that would show him not only grammar but that had exercises, vocabulary, reading paragraphs and I found the EASY SPANISH STEP BY STEP which is the first book that covers basic and some intermediate on the last lessons of the book and now that he is about to finish that book I bought him the ADVANCE SPANISH STEP BY STEP. I have seen a really good improvement since the very first time he took

the book. Even though he has to think a little, he is able now to say some well structure sentences in Spanish thanks to the first book and I'm sure that once he finish the advance one he will be able to follow a conversation.As a Spanish speaker I would recommend this book because it covers all the essentials and helps you not only to learn how to ask for the bathroom or where a restaurant is but to be able to communicate too.Another book I thought was good is the PRACTICE MAKES PERFECT by Dorothy Richmond however, you would have to buy the basic, intermediate and advance which STEP BY STEP covers exactly the same topics but in two books instead of three.If you want to learn Spanish you would have to be constant and grab the book for couple hours at least 3 times a week. I recommend you to combine the book with some audio CD's. Another thing I think it would help, and it helped me when learning English, was to watch Spanish TV or movies with subtitles.I took my time writing this review so I hope it was of any help to make you decide for a Spanish book.1 of 1 people found the following review helpful. Good workbookBy Micki D.I am enjoying this workbook. It is refreshing some things that I have forgotten! I recommend it!0 of 0 people found the following review helpful. Five StarsBy CJI've just finished the beginning book and looking forward to having the confidence to hit the advanced.

A proven grammar-based approach that gives you a real mastery of the Spanish language Use Advanced Spanish Step by Step's progressive, grammar-based approach to conquer intermediate and advanced Spanish-language topics. This step-by-step approach gives you real confidence and the tools you need to achieve a high Spanish proficiency. You'll get a quick review of the key grammar basics, then move on to more advanced topics that you need for true mastery of the language. With complete coverage of verb tenses beyond the present and past, irregular verbs, sentence structure, parts of speech, and more, this book gives a thorough overview of advanced grammar topics. It also introduces you to hundreds of new vocabulary words that are reinforced with readings that put the new terms in everyday context.
