**Shelly Berg : Alfred's Essentials of Jazz Theory, Complete 1-3: Book CD** before purchasing it in order to gage whether or not it would be worth my time, and all praised Alfred's Essentials of Jazz Theory, Complete 1-3: Book CD:

0 of 0 people found the following review helpful. Five StarsBy jdmccorIts been a big help to me.8 of 9 people found the following review helpful. great book but incompleteBy William T. Rossiif this is the same version as I have, then

this book does not provide the answer key to the questions. for me this is important because I would like to know where I need more practice. my suggestion is to buy this and also secure the answer key, or buy a version which includes the answer key. as far as the material presented, it is more than needed, almost too much, which to me is great! the exercises to do and the compositional stuff is just a great added bonus which strengthens the material! there is also ear training exercises using also the jazz themes. all in all this is one of the best instructional jazz books on the market, again just make sure you can get the answers for all the exercises!

Alfred's Essentials of Jazz Theory is designed for jazz enthusiasts and musicians who want to learn jazz concepts and terminology. To get the most out of this course, it is recommended that you have a good understanding of basic theory, such as the lessons in Books 1-3 of Alfred's Essentials of Music Theory. The book contains lessons with both written and music reading exercises and ear-training and listening are addressed through the included CDs. Each unit is complete with a review section. Playing and/or singing along with each example is encouraged throughout the book. Master jazz with ease using this complete course!
