Thomas E. Rudolph, Lee Whitmore, Stefani Langol, Floyd Richmond : Alfred's MusicTech, Bk 1: Playing Keyboard, Book Audio CD (Alfred's MusicTech Series) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Alfred's MusicTech, Bk 1: Playing Keyboard, Book Audio CD (Alfred's MusicTech Series):

Alfred's Music Tech Series is designed for late elementary to high school students who are learning the piano in a group-lab setting. No previous keyboard-playing experience is required! Playing Keyboard is specifically designed for

use in a keyboard lab setting, integrating a variety of performance activities to enhance the learning process and including challenging activities for students who have more advanced playing experience. The method has been designed and field tested over the past ten years by Dr. Tom Rudolph with students at both middle school and high school levels. Playing Keyboard is organized into five units, each including progressive and supplemental activities for practice and reinforcement. Topics include: Unit 1: Left- and right-hand melody in C position; percussion accompaniment Unit 2: Two-hand melody with C chord; percussion accompaniment; enrichment songs Unit 3: C and G7 chords with the left hand; improvise percussion parts; enrichment songs Unit 4: C, F, and G7 chords with the left hand; percussion accompaniment; Theme and Variations form Unit 5: Variations of the 12-bar blues progression in C; improvise melodies using the blues scale.
