Andrew Donkin : Alien Encyclopedia: The Ultimate Alien A-Z before purchasing it in order to gage whether or not it would be worth my time, and all praised Alien Encyclopedia: The Ultimate Alien A-Z:

0 of 0 people found the following review helpful. different from what I thought it was I thought it was just going to be a book about the aliens with the big head but no this incBy zackThis book is literally The Encyclopedia To aliens I mean it's a small book but it's very informal including aliens from AVP Marvel characters everything DC characters literally everything. anything that was an alien in movies or literature is in this book. different from what I thought it was I thought it was just going to be a book about the aliens with the big head but no this includes stuff like E.T some Star Wars Some marvel some DC and even Starship Troopers very awesome book small but has a lot in it a little bit of every thing 5 OUT OF 51 of 1 people found the following review helpful. Alright for few penniesBy Pat S.Its really a Kids book with some drawings that would keep a 10 and under very happy to share with his or her friends!0 of 1

people found the following review helpful. wanted moreBy EugeneOk for bathroom reading, a little kidish, need more detail, just something to look at when on the crapper. Ok
