This book was great and taught me so much in my Arabic classes; however, not having the answer key did make learning quite hard in some exercises. Great product when paired with the answer key.0 of 0 people found the following review helpful. Five StarsBy Rahail M. Sohailgood1 of 1 people found the following review helpful. good, but expensive for what it isBy Marlo F.Good book for beginners, but it should be much cheaper.

Exercises are old fashioned and repetitive (almost exclusively drills and dictations). The videos and audios presented on the website and the DVD are very cheaply done: you can find better (and more fun) audiovisual materials for free on Youtube. I learnt a lot with this book, but I shouldn't have paid \$70 for it..
