Graydon M. Meints : Along the Tracks: A Dictionary of Named Places on Michigan Railroads before purchasing it in order to gage whether or not it would be worth my time, and all praised Along the Tracks: A Dictionary of Named Places on Michigan Railroads:

0 of 0 people found the following review helpful. Good index into his other worksBy KMS, the HudleysI have purchased three of Mr. Meints works recently, this one being the third. If I had gotten a look inside, I might not have bought it. The information within is included in the two volume set, Michigan Railroad Lines, which I highly recommend for die hard railroad researchers. Still, this book is useful as an index into the other, but don't pay dearly for it. I do tend to look here first to get an idea of where to look in the more recent and more detailed works. This is not an essential book too own, but I still find it useful. Be aware, though, that it is not a story book. It is just an index. If you can only spring for one, buy the more expensive two volume set I mentioned above.0 of 0 people found the following review helpful. Five StarsBy Gregory Brownit is a great on railroad of Michigan it tell what city county they went thur0 of 0 people found the following review helpful. Five StarsBy LuAnn ZettleGraydon Meints researching and writing is awesome!
