Les Kertay PhD : AMA Guides to Navigating Disability Benefit Systems: Essentials for the Health Care Professional before purchasing it in order to gage whether or not it would be worth my time, and all praised AMA Guides to Navigating Disability Benefit Systems: Essentials for the Health Care Professional:

This book is for front-line health care professionals who do not have specialized training in evaluating patients with regard to work capacity, but who often find themselves facing patients who believe they are unable to work because of a health condition. Written by front-line health care professionals with long histories of working in disability evaluation, this guide dispels confusion and misconception by offering relevant, highly accessible guidance on topics such as: - An introduction to disability evaluation as it interfaces with the legal system - Insight for dealing with disability systems and benefit issues - Fundamental principles of disability evaluations and causation analysis - Guidance for navigating common forms, family and medical leave act, public and private disability, and workers' compensation systems

About the Author Les Kertay, PhD, ABPP, is a writer, speaker, leader and coach, focused on applying evidence-based behavioral science broadly across personal and business settings. He is a Licensed Clinical Psychologist and holds board certification with the American Board of Professional Psychology (ABPP). His professional mental health experience spans 40 years. Marjorie Eskay-Auerbach, MD, JD, FAADEP, is board-certified by the American Academy of Orthopedic Surgeons and the American College of Spine Surgery. Mark H. Hyman, MD, FACP, FAADEP, is an Associate Professor on the clinical faculty at the University of California, Los Angeles, USA (UCLA). He attended The University of Michigan, USA for undergraduate studies and pursued medical school, internship and residency at UCLA. He is currently Chairman for the National Board of Directors of AADEP
