Deborah A. Amos : Amazing Mae before purchasing it in order to gage whether or not it would be worth my time, and all praised Amazing Mae:

0 of 0 people found the following review helpful. Amazing MaeBy MilcahAmazing Mae Amazing Mae is a Powerful book. As, I read the story of Amazing Mae, I could visualize her antipicating her father arrival home and her playing on his lap. I could imagine a beautiful happy carefree five years old child...and her father's life ended abruptly in death. Mae experienced tragedy early in life, because of her mother's choices in life. She learned forgiveness with the help of

God. Amazing Mae covers so many facets of life, love, marriage, the gift of a child and the lost of a child, a spouse, a grandchild, a mother and siblings. Amazing Mae was a caregiver, and later she received excellent care from caregivers who showed her much love and compassion. Deborah was able to share sensitive information about her mother and family in a delicate way. I read the complete book from cover to cover in one day. The book is about trials and hardships, sorry, and death; the book is about love, family and caring; the book is about education and the future, and the Amazing Legacy left to her family and love ones. The book is about change and New BEGINNINGS...0 of 0 people found the following review helpful. InspirationalBy Momof4This book spoke to me on many levels. It was inspirational, very deep, a testimony to the power and love of God, and was such an easy read. Once I started to read it, I couldn't put the book down. I read it in two days (only because I have 4 kids to care for). I too have an ill mother and I know in the days or years to come, I can read this book again and be encouraged that my mother too will get her healing. I know the author Deborah from a local church I visit sometimes. I learned so much about her and her family. I am in awe of her faith and her belief that God does answer prayers...even if it isn't the answer we thought we were going to get. I am honored to call her my friend and sister in Christ!0 of 0 people found the following review helpful. Four StarsBy Brenda ClarkeI loved this book, it was so touching .

Amazing Mae focuses on triumph instead of tragedy, purpose instead of pain, and ultimately freedom instead of fear. Amazing Mae will uplift, encourage, and inspire all those who may feel hopeless and helpless while dealing with a family member who's suffering from this dreadful disease known as Alzheimer's. Amazing Mae is not only about an extraordinary and amazing woman that overcame so many obstacles and hurdles of life, but it's also about endurance, hope and the grace of God.

Amazing Mae's high standard of excellence, making sure that it stays one of the foremost Consumer Guides studies textbooks.From the AuthorI have been receiving so many wonderful reviews from friends and family members that have read Amazing Mae. One that touched me dearly was from a "76" year old mother from my church.. She said,"Besides reading her Bible, Amazing Mae was the first book she ever read." Wow, that spoke volumes to me. I am deeply honored.All I can say is Oprah and Tyler need a copy because it should be the next hit movie. It's one of those hard to put it down books. God's blessings are truly on you. Ann I just finished your book in two days, could not put it down thank you for writing this I felt as if you were sitting and telling me your story... I was truly blessed!
