1 of 1 people found the following review helpful. The book could have benefited greatly. I'm glad I got it for free. By Beth Dishong My reason is mainly because of bad grammar and confusing choice of many words he used while trying to explain Prime. If I didn't already know how it worked the book would have thoroughly confused me. I don't believe it was all bad most of the information is there but I feel the writer tried to use too many unnecessary words to try and make it "better" which didn't work. A good proofreader would have benefited greatly. I'm glad I got it for free. I do feel bad but, I had to be honest. 1 of 1 people found the following review helpful. It at best only so so. By Charley There are numerous grammar and typo errors making it difficult to understand in places. The information was often repetitive. The most useful information to me was that if my order takes more than 2 days to ship, then I get Prime free for a month. 0 of 0 people found the following review helpful. Cool Stuff...! By Kai Johnson I was really surprised to see these amazing deals that an Prime user gets from their Prime membership. I think every online buying site should have these kinds of perks to lure their customers more into this business.
