I just love the TappBy Helen ReedyI just love the Tapp, I'm still learning all the applications , but I have to say I very pleased with my choice.0 of 0 people found the following review helpful. Terrible bookBy W. R. SmithNot a very specific guide--unless you were dropped on your head as a child, repeatedly, you will know this stuff already.0 of 0 people found the following review helpful. UninformativeBy KiraLauraI could have read this on any article about the Tap or its instruction manual. Not useful to me at all.
