J. Michael Farr : America's Top Resumes for America's Top Jobs before purchasing it in order to gage whether or not it would be worth my time, and all praised America's Top Resumes for America's Top Jobs:

3 of 4 people found the following review helpful. Great for entry level jobs - NOT for management positions
By Ellie Z
This book seems particularly well suited for applicants in the service and hospitality industry, sales, trades, and entry-level corporate positions. However, I would NOT recommend this book as a resource for people seeking corporate jobs at above entry level. Though this book offers several examples of resumes for middle and senior level management, they are very outdated and pretty uninspiring - definetly NOT what you should model your resume after if you are seeking a management postion or working with a headhunter.

By George I
I have now used several books by J. Michael Farr, and he is far and away the best resume expert out there. Its like he is my personal job search and resume guru. This book is packed with resume samples for all types of

jobs...they have given me many ideas as I struggle with my latest job search. It helps having his wise advice and resume know-how on my side as I look for a new job. Thank you J. Michael Farr!

Here is the industry's definitive resume resource--the finest resumes submitted by members of the Professional Association of Resume Writers, grouped according to occupation, and annotated by the author to highlight their best features. Features career planning and job search advice from Mike Farr. Includes resumes for all major occupational groups and all levels of experience.
