Albert Christian Revi : American Art Nouveau Glass before purchasing it in order to gage whether or not it would be worth my time, and all praised American Art Nouveau Glass:

1 of 1 people found the following review helpful. Superb book - excellent service - even better than described for a used bookBy Norma E. WagonerI like this book because it is more expansive on art glass in general than other books I own. I also like the style of writing - it is interesting to read and was clearly written by an expert in the field. Just enough beautiful photos to capture the essence of the company making the glass. I would recommend it to any serious collector of art glass.1 of 2 people found the following review helpful. Collectible glass and more....By Worldwide TravelerI bought this book for my husband as a birthday present. We are interested in antiques and are restoring an 1880s Victorian home. He wanted to know more about collectible glass. Well, he hasn't stopped reading yet. It is a most comprehensive and informative look at glass and the famous company stories behind each manufacturer.

We sell Rare, out-of-print, uncommon, used BOOKS, PRINTS, MAPS, DOCUMENTS, AND EPHEMERA. We do not sell ebooks, print on demand, or other reproduced materials. Each item you see here is individually described and imaged. We welcome further inquiries.
