following review helpful. goodBy binbin wangvery good .this book is very new and the price is low, this dictionary is good for beginner to study English.0 of 0 people found the following review helpful. Five StarsBy CustomerBy far the best idioms dictionary I have ever used. It has everything. And good definitions.

Adapted from the popular "American Heritage Idioms Dictionary," the "AH Dictionary of Idioms for Students of English" provides clear, practical information on the most useful idiomatic expressions, phrasal verbs, figures of speech, and common proverbs in American English. Each entry is defined and has a sample sentence showing how the idioms are used in context.
