before purchasing it in order to gage whether or not it would be worth my time, and all praised Annual Index to Motion Picture Credits 1979.:

The Annual Index covers feature films released in Los Angeles-area commercial theaters for the year covered. Each entry includes: title, production companies, releasing companies, approximate completion date, running time, MPAA rating, producer, director, art director, cinematographer, film editor, costume designer, sound, music, writers, and cast. Even when complete credits are not available, the film will be included with the available information.
