Academy of Motion Picture Arts Science, Academy Of Motion Picture Arts and Scien, Lsi : Annual Index to Motion Picture Credits 1981 before purchasing it in order to gage whether or not it would be worth my time, and all praised Annual Index to Motion Picture Credits 1981:

General accessibility to motion picture credit information continues with Annual Index to Motion Picture Credits, 1981 the fourth issue to be published by Greenwood Press. The Academy collects information supplied by film producers and distributors to form each film entry in the Annual Index. Each entry includes: title, production companies, releasing companies, approximate completion date, running time, MPAA rating, producer, director, art

director, cinematographer, film editor, costume designer, sound, music, writers, and cast. Even when complete credits are not available, the film will be included with the available information. In addition to the complete entry for each film, many elements are indexed: by 10 major crafts (producers, costume designers, actors, etc.) showing individual name and films; by releasing company; by individual name with reference to the craft and film; and by character name. The Annual Index covers feature films released in Los Angeles commercial theaters during the year covered. Television credits are not included.
