Philly Rains : Anri Woodcarving (Schiffer Book for Collectors with Price Guide) before purchasing it in order to gage whether or not it would be worth my time, and all praised Anri Woodcarving (Schiffer Book for Collectors with Price Guide):

1 of 1 people found the following review helpful. encyclopedia of stoppersBy stirredreflectionsWorth every star of the five available.The pictures are full color and gorgeously detailed.The clear organization of an impossibly expansive list of Anri products makes the information comprehensible.The text accompanying the pictures is clever without being cutesy.The wealth of knowledge the authors share with the reader is amazing.The nutshell of the history of ANRI whetted my curiosity to learn more.There is a small negative to the quality of the book: occasionally the L - R orientation is reversed from the copy to the picture.On a personal level, I was disappointed in the book. I am not a collector of stoppers, corkscrews, nutcrackers, etc. The coffee table price made me wish I could have found this encyclopediac tome in a library somewhere. It did not yield me the good internet links into other ANRI styles and

figurines that I had hoped to find.0 of 0 people found the following review helpful. MUST HAVE FOR ANRI COLLECTORSBy Laura SchertlerTerrific resource for all of your ANRI collectibles0 of 0 people found the following review helpful. Five StarsBy rongreat seller, great book

This book presents vintage, often whimsical, and one-of-a-kind wooden figurine carvings by ANRI, the world-renowned company founded in 1912 in the Dolomite Mountains of northern Italy. Among the more than 2,500 carvings featured are bottle stoppers, bottle openers and corkscrews, bar sets, calendars, letter openers, bookends, humidors, ashtrays, lighters, cigarette boxes, pipe rests, salt and pepper sets, pepper mills, napkin rings, timers, toothpick holders, brushes, salt and serving spoons, spoon and key racks, door knockers, and figurines, including monks and characters from novels by Charles Dickens. Collectors with a wide range of interests will be delighted with the amazing number of woodcarvings shown. This book will amuse and inspire today's woodcarvers and collectors, novices and experienced devotees alike.

About the AuthorPhilly Rains discovered vintage ANRI in the mid-1980s and her collection now numbers over 1,200 items. She is the owner of Black Cat Antiques in Arkansas. Don Bull is a well-known expert on corkscrews, openers, and advertising who has previously authored six books for Schiffer Publishing. Don's home is in Virginia.
