Should be discounted more if purchased after Jan. 1stBy LizzardtronI happen to love antique maps, and this calander is perfect for someone who does. I bought the 2015 edition last year at a mall kiosk the day after January 1st, and only paid 5\$ for it there. Was slightly disappointed when I purchased this after Januraury 1st of this year and paid about 3 times the price.. Great size for writing down dates.0 of 0 people found the following review helpful.
