The go to Guide others are a waste of hard covers and gloss paper with less info !!!!!!!!!!!!!!! Eric's Antique Trader is the first and only one that covers all the base's . As soon as a new year's copy comes to market I own

it. Great for checking yearly price fluctuation a must in this trade. Now that I just received my 2018, I will be looking forward to 2019.! We have many reference books and I can say without a doubt ,Eric Krause Pub: make it always a new learning experience. There is always something new to learn , check up on ,or verify.
