**Michael Polak : Antique Trader Bottles: Identification Price Guide** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Antique Trader Bottles: Identification Price Guide:

0 of 0 people found the following review helpful. A good quality decent book...By Hugh Latham It provides decent information on some older bottles 1800's thru about 1915, but only the rarer more expensive ones. It provides no historical information about each bottle, only a description and pricing. Also provides info on newer (vintage) bottles like Jim Beam whiskey bottles, Ezra Brooks whiskey, Avon bottles, miniature whiskey bottles, soda bottles, Violin

Banjo bottles. All the pictures are good quality and in color. If you're an average Joe (Jane) collector trying to identify a bottle that you dug up in the back yard this book probably won't help you. 0 of 0 people found the following review helpful. Antique Trader Bottle Collectors Book By CatchaDream Good book for Collectors. Just don't need this. 0 of 0 people found the following review helpful.
