Allan M. Armitage : Armitage's Garden Perennials before purchasing it in order to gage whether or not it would be worth my time, and all praised Armitage's Garden Perennials:

0 of 0 people found the following review helpful. Great garden flower resourceBy Curtis HungerfordGreat book to inform the serious gardener, from beginner to experienced. Written by a very knowledgeable author. Has lots of pictures and helpful tips.0 of 0 people found the following review helpful. Excellent service, prompt delivery, good bookBy BenjaminI am happy with this order; delivery was prompt. Excellent pictures and thoughts about plants; I wish the book went into greater depth, but otherwise an excellent book.1 of 1 people found the following review helpful. Five StarsBy Robert V. BethuremI have purchased many plants guide books, and I think the Armitage set is the best

Originally published in 2000, Armitages Garden Perennials quickly became a garden-shelf classic. Beloved for its well-edited plant selection and Armitages trusted advice on choosing and caring for the best plants, Booklist named it an essential addition to gardening collections.In this second edition, renowned horticulturist Allan M. Armitage once

again features his discerning selection of more than 1250 of the best perennials, over 300 of which are new to this edition. Old favorites like phlox and rudbeckia remain, but gardeners will delight in new introductions like the popular Baptisia Carolina Moonlight and Echinacea Tangerine Dream. Each plant entry includes scientific and common names, hardiness zone information, tips on growth and cultivation, and Armitages unique and beloved humor. Supported by more than 1300 color photos, 400 of which are new, and rounded out with useful lists of plants for specific situations, this outstanding reference belongs on the shelf of every gardener who values first-rate, authoritative information.

A reader can open this book to any page and be ensured of both pleasure and enlightenment. Country Gardens Its real charm is the descriptions that accompany each plant, written in Armitages characteristic engaging, conversational tone. . . . Highly recommended. Choice This gorgeous resource will find a home in the library of every gardener who wants current, authoritative information, as well as public and academic libraries with gardening enthusiasts. American Reference Books Annual This is a terrific resource for gardeners, with 300 new plants added to the 2000 first edition, bringing the total to 1250. Reference and Research Book News There's no shortage of endorsements in horticulturalist Allan Armitages revised collection of 1,250 perennials. Houston Chronicle Engaging descriptions and personal experiences. Virginian-Pilot
