Rosenberg David : Art Game Book before purchasing it in order to gage whether or not it would be worth my time, and all praised Art Game Book:

0 of 6 people found the following review helpful. the wrong book was sent wanted art game book by David RkosenbergBy johnthe wrong book was sentit was a gift birthdayasked what did you think about the book after it was readthey did not like it so we talked about itand I said this does not sound like the right bookso he let me look at itand it was the wrong bookstill working on getting the right book14 of 14 people found the following review helpful. A work of artBy G. M. GiaccardoThis is such a fun book--a work of art in of itself. It gives brief but informative descriptions of the various art movements of the 20th century, interspersed with various "games"--little quizzes for you test your knowledge of art. There are also mock newspaper pages containing obscure and hilarious historical art

factoids. Reading--and participating in--this book is an entertaining way to brush up on your art history!

With games, puzzles, quotations and commentaries on art and artists, the Art Game Book is an all-new and original way of exploring every aspect of 20th-century art in the United States and Europe: painting, sculpture, architecture, design, video, installation, photography. The Art Game Book offers even more: In addition to presenting the principal artistic movements, abundant illustrations, numerous games and a glossary, this book includes an appendix with an international guide to museums, websites, fairs and events devoted to modern art the world over. More than 300 artworks illustrate this unique and interactive introduction to modern art history.

"This is a coffee table book no one will be able to put down."
