Concise information all in one place By technicraft I bought this and the Art History 1 study guide for my daughter who is taking art history as part of her graphics design major in college. She has used it as a quick way to find information for her quizzes and tests. 0 of 0 people found the following review helpful. Useful and concise By Bill Thompson Very concise information summary. Good to have handy when doing required reading for definitions, terms, etc. Art history tends toward the wordy--this cuts thru that wordiness. Useful for reviewing before exams.

BarCharts comprehensive tour of art and artists continues with our 3-panel guide, which covers the Renaissance period through World War II. Specific artists such as Leonardo da Vinci, Claude Monet and Salvador Dali and their works are

detailed, as well as the types of art they represent. This guide is sure to be a welcome addition to any art lovers bookshelf.
