It's engaging and has been helping me learn what I've found to be the most challenging aspect of learning a new

language: oral comprehension. It's wonderful and worth every penny... Highly recommended!1 of 1 people found the following review helpful. Highly recommended for those w/ some French already.By CustomerExcellent for the false beginners. If youve tried to learn French previously, and maybe if you even can passably speak it when traveling, then this book is for you. I have used many many French learning resources over the years and this is by far my favorite. It introduces new vocabulary in a very approachable and fun way. I would suggest adding new vocabulary to a good SRS like Anki to reinforce the new vocabulary that youll pick up. Very highly recommended.5 of 5 people found the following review helpful.
