Vigue Martin : Atlas of the Human Body before purchasing it in order to gage whether or not it would be worth my time, and all praised Atlas of the Human Body:

0 of 0 people found the following review helpful. Large pages make for excellent detialBy Lauren AVery detailed book with excellent color pages that help identify parts of the body. I love that the pages aren't small so you can clearly understand what you are looking at0 of 0 people found the following review helpful. Five StarsBy Norman Sutherland IIIExactly as described.0 of 0 people found the following review helpful. Great book.By CustomerJust what I needed. Great book.

The authors and artists behind this book had a clear objective: to not only provide an attractive, stunning book, but also

one that is capable of explaining any question about the human body the reader may have. Atlas of the Human Body represents an exciting new perspective on the field of human anatomy. This book can be a useful household reference and also the book will help people care for and understand their bodies and improve their quality of life. Atlas of the Human Body offers a wide-ranging selection of information. The quality of the illustrations and their level of detail, combined with the concise and precise textual explanations, make it useful for secondary students and teachers and for many professional groups trainers, physiotherapists, gymnasts, sportsmen, homeopaths, nurses, masseuses and many others - as well as those beginning the study of medicine or the general reader interested in health and caring for their own body. Special care has been taken to ensure the quality of the book and to include information that may be lacking in comparable books.
