**Helen Jonsen : Australian-English/English-Australian Phrasebook: Dictionary and Phrasebook (Hippocrene Dictionary Phrasebook)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Australian-English/English-Australian Phrasebook: Dictionary and Phrasebook (Hippocrene Dictionary Phrasebook):

0 of 1 people found the following review helpful. Good in a pinchBy Janice M. HarrellI think this book would fit neatly in your pocket or purse, and then you could whip it out in need to consult it against a confusing local slang.Very

dry reading though, very little explanation as to why some of the slang or stine is the way it is.

Displaying the diversity of English, this book provides terms connected with specific situations such as driving, size conversion charts, travel options, and sightseeing trips.
