From Oxford University Press : Australian Mini Thesaurus before purchasing it in order to gauge whether or not it would be worth my time, and all praised Australian Mini Thesaurus:

In a portable mini format with a durable vinyl cover, this thesaurus is the perfect size to slip into a briefcase or bag. Suitable for travel, at home or the office. With over 150,000 alternative words and antonyms, and clear cross-references to words with related meanings, The Australian Mini Thesaurus is an essential reference for scholars and

travelers to the region.
