Barry Hollembeak : Automotive Electricity, Electronics and Computer Controls before purchasing it in order to gage whether or not it would be worth my time, and all praised Automotive Electricity, Electronics and Computer Controls:

0 of 0 people found the following review helpful. GOOD BACK TOBy MR D**A**GOOD BACK TO SOFT

This new textbook is designed to teach how automotive electricity and electronics systems work, and also provides a thorough introduction to diagnostics and repair. Each concepts chapter is followed by a corresponding shop chapter with a wealth of photo sequences and line illustrations to support the written text. The book is very up-to-date, and covers the state-of-the-art fuel, ignition, emissions, transmission, body and chassis control systems. Pedagogical features are abundant and include chapter-opening objectives, key terms lists, chapter-end summaries and a variety of review questions, including many ASE-style questions. This textbook will be a tremendous learning tool and valuable

resource for any aspiring automotive technician!

About the Author Barry Hollembeak has been involved in the automotive repair industry for over thirty years and has been a technical trainer providing instruction to dealership technicians for the past sixteen years. Mr. Hollembeak entered the automotive technology field in 1974 as a service technician, working in both fleet and independent repair shops before opening his own repair facility. After selling his business and retiring from being a technician, Mr. Hollembeak became a teacher and author. He taught post-secondary education automotive technology for five years and became Director of Education for the next two years. Mr. Hollembeak then entered into manufacturer training. He is a Master and Advanced Engine Performance Certified Technician with ASE and is also a member of the Colorado Automotive Teachers Society. Mr. Hollembeak is involved with the College Automotive Program, AYES and SkillsUSA and has been a guest speaker for NATEF, CATS and several other organizations.
