It offers a great opportunity to get to know some of Spain's famous writers. If reading in Spanish is difficult for you, the stories are short, and the book gives translations of difficult words in the margin. (I already knew some in not many of the words.) There is also a useful dictionary in the back. The book also gives a brief biography of every author before the story. 0 of 0 people found the following review helpful. Keep your Spanish sharp by reading these short stories. By Chiquis35 The stories are short but interesting and this is a great way of keeping sharp on Spanish. Would love to use this for my more advanced Spanish students. Vocabulary reviews and questions are helpful. 0 of 0 people found the following review helpful. Four Stars By Kellie Not the best quality but it works perfectly fine for class
