National Geographic Maps : Bangkok (National Geographic Destination City Map) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Bangkok (National Geographic Destination City Map):

1 of 1 people found the following review helpful. won't tear easily. It even says it's water resistant By The material used is different from other maps I bought before, really looks more durable, resistant, won't tear easily. It even says it's water resistant. The content is what one expects to get in this kind of map. But apart from the main Bangkok map on one side, you get some other very useful maps for people visiting Thailand's capital city: A BTS sky-train and metro map, Airport terminal maps and Express Boat Service. All tourist guides I have looked say the same: The best way to avoid crazy traffic in Bangkok is to travel by boat, so having a map with all boat stops is really useful. The main map also gathers this information. It also includes some basic information about the city, transportation, opening hours and a list with the main attractions. 1 of 1 people found the following review helpful. Waterproof Tear-Resistant Travel Map National Geographic's City Destination map of Bangkok is both a comprehensive street map and travel guide, ideal for business and leisure travelers alike. The front of the map contains an overview of the public transit system along with maps of the Skytrain, Chao Phraya River boat service and Suvarnabhumi International Airport. Information is given about many popular attractions in and around the city. A user friendly index of streets, hotels, points of interest, public transit stops, markets, public buildings and much more, will help you find your destination quickly and efficiently. A regional map shows the city's location in Thailand's central plains. The reverse side features a comprehensive road map of the city and inset map of the Grand Palace and Wat Phra Kaeo, complete with pinpointed points of interest, monuments, theaters, places of worship, notable buildings and parks along with a multi-language legend. Many popular attractions are displayed in 3D, including the Grand Palace, Suan Pakkad Palace and Jim Thompson House. Public transit routes are clearly marked along with Skytrain, metro and water bus stations. Every Destination Map is printed on durable synthetic paper, making them waterproof, tear-resistant and tough capable of withstanding the rigors of any kind of travel. Map Scale = 1:14,300 Sheet Size = 24.75" x 17.75" Folded Size = 4" x 8.75"
