Andrew Taggart, Ender Markal, Hinda Adele Barlaz, Yusuf Z. Yusof : Barron's GMAT Flash Cards before purchasing it in order to gauge whether or not it would be worth my time, and all praised Barron's GMAT Flash Cards:

0 of 0 people found the following review helpful. Great set of cards. By I Liketh Reading Great set of test prep cards. 0 of 0 people found the following review helpful. The best for studying. By T. Yavuz This item actually focuses on the "Flashcard" system. It contains both quantitative and verbal sections. This type can be useful for the students who have problems with finishing a book. This item contributes to your success explicitly. I really offer this with Kaplan's cards. They should be combined with each other for the right studying. It is essential to overview all kinds of questions. Good luck! 0 of 0 people found the following review helpful. Good flashcards, helps me brush up on GMAT topics... By Customer Good flashcards, helps me brush up on GMAT topics without the mental blockage that comes along with opening up an 800-page book.

Solid command of college-level English and math skills are vital for success among students taking the Graduate Management Admission Test. This set of 400 flash cards present GMAT-level questions in both English and math, with answers on their reverse sides. The cards make fine test preparation tools whether they are used alone or in tandem with Barron's GMAT test preparation manual. The cards measure 4 1/2" by 2 3/4" and have a hole in one corner that accommodates an enclosed metal key-ring-style card holder. The ring allows students to arrange the flash

cards for study sessions in any sequence that suits their learning needs.
