NiceBy AhmedOhioNice book, came in short time with good price and good package, my wife loves it and we will recommend it0 of 2 people found the following review helpful. EffectivenessBy Jennifer W.I took the GMAT today after studying non-stop for two months. I did terrible on the quantitative after doing so well in the book. None of the questions from the book were on the exam. The exam was not difficult, I was just unfamiliar with the content. Needless to say, I will need to take it again.

This extensively updated manual offers comprehensive preparation for the Graduate Management Admission Test, beginning with an overview and introduction to the test. The GMAT is a computer-adaptive test, the details of which are described in the book's introduction. Following is a diagnostic test with answers and an extensive "Correct Your

Weaknesses" section, which presents separate chapters on essay writing, reading comprehension, sentence correction, critical reasoning, and math. Three full-length practice tests are presented with answers, analyses, and directions to help test takers evaluate their score.
