From Brand: Barron's Educational Series : Barron's Italian-English Dictionary: Dizionario Italiano-Inglese (Barron's Foreign Language Guides) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Barron's Italian-English Dictionary: Dizionario Italiano-Inglese (Barron's Foreign Language Guides):

3 of 3 people found the following review helpful. Great and easy to hold Italian dictionaryBy APC ReviewsThe Barron's Italian-English Dictionary is a wonderful reference tool for language students. It is also small enough, while running to over a 1,000 pages, to be handled easily while also trying to read something else, what usually happens when you need to look up a word while reading. The computer based dictionary, offered by free download, is pretty much a useless dud, really more like a help interface from Windows 95 world. They need to bring that up to date. That said, the dictionary is great.7 of 7 people found the following review helpful. The hard copy is wonderfulBy Teenal went to a bookstore to look at dictionaries because I want to learn Italian. I looked at several dictionaries and this one has translations in American English (other lexicons had British English translations) and also gives translations of alternative uses of some words. For example, I can't eat peppers, not the condiment, but the vegetable (fruit, actually) so I looked up the translation for "pepper" Not only did I find the edible pepper, but I found the translation of "to pepper" as in "to pepper with questions" Kind of cool to have translations of figures of speech, since that can be useful in conversation.The book itself is probably too huge to just carry through Italy when you're traveling (I'm going to try, though!), but read on for my thoughts in the electronic download...My experience with the electronic version is not wonderful at all. It is great on my PC, but not on my tablet. I have an Android that runs the most recent version, and I can't seem to get the dictionary to function properly on it. I have the Kindle app on my tablet, and I can see the book on my Kindle page, but I can't figure out how to look up words. I tried contacting Barrons' support and the person who e-mailed me was very nice but said, "I have an iPhone and it works fine for me..." Several e-mails back and forth and I still don't know if there is an answer for the Android. Also important to note: the password from the electronic version is only good for one time use.I will update if I can figure out how to use the electronic version on my tablet.0 of 0 people found the following review helpful. Font is small but the cover is good.By Is This Game Fun?This is a big book with very small wording. I can't imagine the font being bigger, making the book bigger, but I just didn't use it as much because of the font size. I did research and found that other books were harder to read so I think this might be the best bet for Italian-English dictionaries. The cover was a thicker plastic which holds up nicely on the shelf.

Barrons is now taking a comprehensive approach to foreign-language reference volumes. This definitive Italian-English dictionary features 100, 000 entries with translations, and makes an ideal reference book for schools, libraries, businesses, and the home bookshelf. Yet its manageable size and reasonable price also makes it a practical learning tool for students taking an Italian language course. It features: Two full-length sections: English to Italian and Italian to English American-style English translations of all Italian entries Headwords printed in a second color for easy reference with translations, parts of speech, and pronunciation guide printed in black Exemplary phrases using headwords in standard contexts Separate bilingual lists for numerals, phonetics symbols, abbreviations, and geographical names This all-inclusive dictionary also features full-color atlas-style maps of Italy and adjoining regions, a concise grammar guide, a regular verb conjugation list, and many more language learning aids. Here is a complete and up-to-date bilingual dictionary for libraries, schools, and the home. It can also serve as a helpful take-along book for international travelers. FREE eBook VERSION available with purchase! A key feature that sets Barrons Italian-English Dictionary apart from the competition is the FREE downloadable electronic version of the print dictionary. Users will find a PIN number in the back of each book that instructs them on how to download a copy onto their PDA, smartphone, and/or PC. Heres a great feature for students and travelers constantly on the go.
