Diane Carol Bailey, Angelo P. Thrower : Basic Care for Naturally Textured Hair: Cultivating Curly, Coily, and Kinky Hair (Personal Care Collection) before purchasing it in order to gage whether or not it would be worth my time, and all praised Basic Care for Naturally Textured Hair: Cultivating Curly, Coily, and Kinky Hair (Personal Care Collection):

0 of 0 people found the following review helpful. Four StarsBy Elijah B Thomas IIINice book0 of 0 people found the following review helpful. Very InformativeBy luvI checked out this book from my local library and loved it so much I decided to buy it. I am surprisingly shocked by all of the negative reviews. People are complaining about not getting enough from the book as far as hair styling ideas and products to use. The title simply says Basic Care for naturally textured hair. I want to point out the word "care." It does not say how to style or manage naturally textured hair.

People truly need to read the title and not just assume that they will purchase a book telling them what products to use on their hair. We all have different hair textures therefore what works for one may not be suitable for the next. I believe this book is true to its title and the authors did amazing. I AM NOT AFFILIATED With The Company And PROVIDED MY HONEST REVIEW1 of 1 people found the following review helpful. Only slightly helpful.By CustomerThis book is too general in breaking down the purposes of the various types of hair care products out there for at home ethnic hair care. I also wished there was information in it about how and when to use them. This would make it much more convenient than having to travel to the hair salon and ask the beautician for the usage and techniques in using each one.

Amazing locks, braids, weaves, twists, and wraps define some of the hairstyles worn best by those with very curly or African hair. Black Hair Care not only covers the internationally renowned and latest styles, it also shows how to care for your hair, and gives professional advice on hair coloring, chemical treatments, styling, and sculpting techniques. Learn all about hair structure, treatments for hair loss and its prevention, and products to help keep your hair healthy. Whether you're looking for unique styles that you can create at home, or natural, low-maintenance styles, let Black Hair Care help you care for your hair.

Chapter 1: Roots - Locks 'Round the Clock'. Chapter 2: Black Hair Care. Chapter 3: Braiding Techniques. Chapter 4: Natural Style Options. Chapter 5: Nubian Coils.About the AuthorHonored as a "Master Pioneer" and "trailblazer of the natural hair care industry" with over 25 years of experience, Ms. Bailey has positioned herself as an innovator and standard bearer for natural hair care. She has influenced the creation of new textured hair fibers, hair styling techniques, developed semantics, systems, and procedures that have been groundbreaking throughout the industry. Ms Bailey has previously authored three books, Natural Hair Care and Braiding, Braiding-Easy Styles for Everyone, and Natural Hair Care- Easy Styles for Everyone. Ms. Bailey contributed to the book Milady's Standard, a Textbook of Cosmetology. These books are sold worldwide and are instructional texts for professional trade schools and reference guides for the consumer. Ms. Bailey is currently a natural beauty consultant for Design Essentials Natural by McBride Research Laboratories and Shea Moisture by Sundial Inc.; she has developed workshops that feature the product line and demonstrate natural hair, locks, protective and transitional styling techniques. As an Adjunct Professor, Ms. Bailey taught and wrote the curriculum for "Fundamentals of Braiding" at Medgar Evers College for the adult education program, in the City University of New York. Appointed by the Secretary of State, Diane Bailey served five years on the New York State Appearance Enhancement Advisory Committee. She was the first African American to be appointed to the committee in 1992.A practicing dermatologist, Thrower has his own ethnic skin care line. A graduate of University of Miami's School of Medicine George Washington University, he has appeared in print, radio TV. Dollars Sense rated him one of the top 5 young black entrepreneurs and, in 1994, the City of Miami gave him a proclamation for his work in black skin care.
