**Multi-Amp AVO : Basic Electricity for Electricians** before purchasing it in order to gage whether or not it would be worth my time, and all praised Basic Electricity for Electricians:

0 of 0 people found the following review helpful. as advertisedBy L.W. Brittianas advertised

This textbook presents basic concepts of electricity from a practical point of view. Providing the fundamental information upon which all subsequent electrical trades courses are based, it encourages an understanding of the use of various kinds of electrical devices.

From the Back CoverProviding basic concepts of electricity from a practical point-of-view, Basic Electricity encourages an understanding of the use of devices and a sense of how they work. This book will help develop the knowledge base you'll need to understand construction wiring, electrical maintenance, or electrical distribution.
