Betty S. Azar, Stacy A. Hagen : Basic English Grammar Workbook before purchasing it in order to gage whether or not it would be worth my time, and all praised Basic English Grammar Workbook:

2 of 2 people found the following review helpful. guiding through out Chapters with fine pictures that make learning becomes more enjoyableBy tihonIt is a very elaborated work. Even cannot cover everything, the book shows basics English grammar with clear descriptions, sentences, and excercises step-by-step, guiding through out Chapters with fine pictures that make learning becomes more enjoyable. This is a great book for self-learning for beginner on English.0 of 0 people found the following review helpful. BASIC means "Building a Strong Independent Clause!"By barbaraThis is helping my Asian student who had studied English in his home country for a decade and still couldn't understand or speak more than two or three words of English! Step by step, page by page this book is giving him the foundation he needed. We're not out of chapter one yet, and with the added listening and speaking component, I already see his confidence building--the S, V, O structure is making sense, and he's now writing and speaking

sentences with subjects and verbs that agree!! SUCCESS!....so grateful for all the Azar books!1 of 1 people found the following review helpful. Basic emphasis on "BASIC"By Ash A.The title of the book is BASIC English Grammar, I emphasize the word "BASIC".This is perfect for beginners. They don't need, nor probably would understand,12 verb tenses as BASIC learners. (YA THINK?)If one were to want a compendium of all the verb tenses and encyclopedic explanationsI would not recommend choosing a BASIC English Grammar textbook, emphasis on the "BASIC"

Basic English Grammar is a classic developmental skills text for beginning students of English as a second or foreign language. It uses a grammar-based approach integrated with communicative methodologies to promote the development of all language skills.While keeping the same basic approach and materials as in earlier editions, the fourth edition continues to build on the foundation of understanding form and meaning by engaging students in meaningful communication about real actions, real things, and their own lives in classroom context.Several of the new features are: Information in the grammar charts highlighting differences between spoken and written English Step-by-step writing activities with models for students to follow Innovative warm-up exercises that precede the grammar charts and introduce points to be taught Newly created exercises to give students more incremental grammar practice Structure-based listening exercises that introduce students to relaxed, reduced speech

From the Back Cover Basic English Grammar is a classic developmental skills text for beginning students of English as a second or foreign language. The Workbook consists of self-study exercises, with answers included, providing students with the opportunity to explore and practice grammar independently. It is keyed to the explanatory grammar charts in the Student Book. New to this edition: more contextualized exercises micro-practice new readings with targeted grammar practice updated real-world vocabulary
