Torrence Berry : Beach Boys Archives Volume 1 before purchasing it in order to gage whether or not it would be worth my time, and all praised Beach Boys Archives Volume 1:

4 of 4 people found the following review helpful. "Beach Boys Archives Volume 1" trigger fond memories of the Golden Age of Rock n RollBy james harbicThis is an excellent collection of printed material including the whole issue of volume 1 of "Teen Set" magazine which had a cover story on the Beach Boys. In addition their are copies of concert programs, tons of promotional items, newspaper other magazine articles. I am somewhat surprised that the April 11th, 1965 "Time" magazine article on " Rock n Roll Music" featuring the Beach Boys {as well as a few other acts} on it's cover was not included-perhaps it will be in "Volume 11". The famous June 1976 "Crawdaddy" cover story on Brian Wilson is reproduced in it's entirety . The 202 page 8.5 "x 11" book is an excellent read that will trigger great memories for those who experienced the sixties addition.0 of 0 people found the following review helpful. Living the Beach Boy LifeBy Phil MigliorattiFun, fun, fun to remember life as a Beach Boy fan ... and to read new-to-me stories,

articles, photos ... Phil PrayForSurfBlog.blogspot.com0 of 0 people found the following review helpful. book reviewsBy mary racioppowe are very happy with this book i think its was pretty accurate in the writing from the authors view about the beach boysi would recommend to all the beach boy fans out there.....

Covering their beginnings through 1976, this 202 page volume reprints a variety of printed artifacts related to America's Band, The Beach Boys. From ads that appeared in major music publications to promo photos, tour books and magazine articles, you'll read the PR puff pieces and more serious articles talking about various aspects of the guys' careers. It's a fun trip down memory lane with rare materials, pic and stories.
