From Beckett Media : Beckett Non-Sports Price Guide before purchasing it in order to gauge whether or not it would be worth my time, and all praised Beckett Non-Sports Price Guide:

WHITTINGTONI was very unhappy when I opened up this price guide to find there were so many sets without prices. It would have been nice to have had all the sets listed in alphabetical order instead of leafing back and forth trying to find a certain set. It would also have been nice to have a picture of a card from each set to let collectors know what at least the cards looked like. The large format is bulky and hard to store on a shelf with other smaller guides. If it seems I'm bashing Beckett for their first attempt to do a non-sport price guide, I'm not entirely. Thank you Beckett for at least attempting to give us non-sport collectors a long awaited guide, other than the non sport

Finally a book to capture one of the fastest growing categories in the collectibles market- non-sports cards and collectibles! This book will feature up to date pricing on such sets as Star Wars, Batman and other vintage card releases that have helped form this segment of the industry. A must have for the collector who has ever dabbled in the non-sports market.
