TalkToMeInKorean : Become a Hangeul Master: Learn to Read and Write Korean Characters (Downloadable Audio Files Included) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Become a Hangeul Master: Learn to Read and Write Korean Characters (Downloadable Audio Files Included):

0 of 0 people found the following review helpful. this book has been an amazing help and the extra portion that teaches you about ...By Adrianna Graves I'd tried learning Hangeul a few times with different resources but none really stuck until this one. With the included audio files, this book has been an amazing help and the extra portion that teaches you about handwriting has proven a lot more helpful than I originally thought it would be. Whether you're someone who can buckle down and get it all in one go or you're like me and like to go through things slowly this book makes it very simple for you. 0 of 0 people found the following review helpful. Really good and almost all I needed By Christopher Conner I'm about two thirds through the book and so far it's going well. The book describes itself as the only book you'll need to learn Hangeul and I think that is true. It's the only "book" you'll need but I still ended up making my own flashcards and downloading a practice app for my phone to practice when I'm on the go. Based on what I've seen so far in this book I think I'll probably purchase the Level 1 books to see how those go as well. 1 of 1 people found the following review helpful. Love this book By T. Love this book. Not only does it teach Hangeul well, I love that it helps me find my own writing style and offers a little history lesson. All the audio files are also available online for free. I definitely recommend it.

Have you ever struggled to read the titles of your favorite K-dramas because of the fancy font? Do you sometimes wonder what Korean handwriting says because you can't entirely make out all the letters? Do you just want to learn to read and write Hangeul better? After studying with this book, you too will be a Hangeul master. We cover

all the Hangeul letters in detail and give you tips on how to easily read Korean handwriting or fonts. This book has all the essentials to help you learn Hangeul, including a history of Hangeul, pronunciation and the stroke order of the 40 Hangeul letters, how letters are combined into syllables, and how to link sound together when speaking Korean. Free downloadable audio files are provided to help develop better pronunciation. Throughout the book, there are "time-out" sections that serve as a short study break. These sections contain cultural tidbits and facts related to Korean, including abbreviations in Korean slang, Chinese characters in the Korean language, and more.

About the AuthorTalkToMeInKorean.com is a Korean language learning website that became popular overseas before it was recognized in Korea. Ever since its foundation in 2009, more than five million people have visited TalkToMeInKorean.com. TTMiK audio lessons have been downloaded over 50 million times, while TTMiK YouTube videos have received over ten million views thus far. TTMiK was ranked as the #1 Language Blog by Lexiophiles in 2010 and 2013, thanks to votes from users all over the world. Additionally, TTMiK was one of the recipients of the Prime Minister Award at the 2013 Korea Content Awards.
